

IT'S TIME TO

LIGHT THE FIRE...

be inspired.

YOU'RE INVITED

A FIRE is a symbol of many things: energy, passion, creativity. As a valued member of the Gonzaga family, you are invited to help us ignite the spirit of innovation as we develop our new state-of-the-art University Center.

On Thursday, July 11, we will break ground by lighting a symbolic fire, initiating construction of a facility that promises to enhance Gonzaga's academic and social experience more than any other since the opening of College Hall in 1898. The 167,000-plus square foot University Center will allow students, faculty, staff, alumni and community members to interact, collaborate, foster global connections and learn in a manner never before possible.

Help us light a fire of innovation for Gonzaga and the broader Spokane region.

Thursday, July 11, 2013

Corner of Cincinnati St. and Desmet Ave. on Gonzaga's campus

5:15 p.m. Reception

View visuals of the facility and talk to project leaders

6 p.m. Ceremony
